

<b>Student</b>	<b>Problem</b>	<b>Resolution/Issue</b>
<b>A</b>	<b>Reading – Improved from 379 to 441 (62 points and no credits earned)</b>	<b>Student is still in ABE Level 2 and must move to ABE Level 3 Level 2 368-460 Level 3 461-517</b>
<b>B</b>	<b>Reading and math – Student moved from Level 4 to Level 5 and no credit earned</b>	<b>Initial Tests were not processed during the first 14 days. Action: check the student file to see if the test was taken. Contact PM and data center for correction.</b>
<b>C</b>	<b>Reading – student went from 524 – 554 and no credit earned</b>	<b>Student is still in ABE Level 4 and must move to ABE Level 5 Level 4 518-566 Level 5 567-595</b>
<b>D</b>	<b>Reading and Math – Student went from Level 3 reading to Level 4 reading and in math from Level 3 to Level 6 and no gains were earned</b>	<b>Initial Tests were not processed during the first 14 days. In reading two tests were processed within 8 days (12-1 and 12-9). Action: check the student file to see if the test was taken. Contact PM and data center for correction.</b>
<b>E</b>	<b>Math – student’s initial TABE was 527 – what should the center do now? Reading – student is not in the pool –why?</b>	<b>Math – retest before summer break. Reading – Student scored above a 552 on his initial TABE.</b>
<b>F</b>	<b>Math – Student moved from Level 4 to Level 5 and no gain was earned</b>	<b>Initial math score was above 551 so he is not in the pool.</b>
<b>G</b>	<b>Reading and Math – Anything wrong with this picture</b>	<b>Nothing – student earned credits in both areas.</b>
<b>H</b>	<b>Reading and Math – No score posted</b>	<b>New student – arrived on June 14 and has not been tested yet.</b>

<b>I</b>	<b>Reading – student moved from Level 2 to Level 3 and no credit was earned</b>	<b>Reading initial testing date was October 18, 2004. Initial Tests were not processed during the first 14 days, but the first math test was given 3 days after arrival. Action: check the student file to see if the reading test was also taken on August 27, 2004. Contact PM and data center for correction.</b>
<b>J</b>	<b>Reading and Math – no scores posted</b>	<b>Looks like a problem to me. Perhaps score did not download properly; initial score was invalid; or student was AWOL for the test. Either way, the center takes a hit unless the test is processed in 14 days from arrival. This will be changing to 21 days with the new performance measures.</b>
<b>K</b>	<b>Reading and Math – student scored in Level 6 reading and Level 5 math and is still in the pool. I thought only students who scored 552 or less in reading and 551 or less in math were in the pool.</b>	<b>Initial Tests were not processed during the first 14 days. Action: check the student file to see if the test was taken. Contact PM and data center for correction.</b>
